

▶ PRODUCT DETAIL

▶ INSTALLATION STEPS

1 STEP ONE

1. Turn off the power. Use M4*40mm screws to install the round Bagua mounting plate onto the ceiling junction box and secure it tightly.
2. The wires in the junction box are connected to the wires of the lamp.
3. Use 2 M4 light screws to attach the light body to the circular mounting plate and tighten them.

2 STEP TWO

1. Use a screwdriver to loosen the light lock at the bottom of the ceiling plate, then manually adjust the length of the wires so that the entire light is in the proper position (the distance from the floor to the bottom of the chandelier is 7 feet).
2. Install E26 blubs, after turn on the power.
