▶ INSTALLATION STEPS

1 STEP ONE

1. Remove the two movable clips at the bottom of the support frame, then use the clamp to press the bottom support and attach it to the small bracket at the bottom of the lamp head, and then put the movable clips back down.
2. Install E26 bulbs.
3. Place the lampshade on top of the support frame.
4. Use the cylindrical lamp lock to secure the lampshade onto the support frame, and tighten it, then slightly adjust the lampshade so that it is level and parallel.
5. Plug the plug into the panel on the wall and turn on the switch.
